

Warm wishes for the Holidays and a Happy New Year from your friends at ODW, Dist-Trans and LTS.
Thank you for a great year! We owe our success to you, our loyal customers, and wish you the very best in 2012 and beyond.

Learn more about the new LTS Transportation Management Suite

ODW LTS online portal now offers new technology that increases shipment visibility and improves the transportation experience, bolstering overall efficiency in the shipping process. With upgrades to both the look and feel of the portal, clients will find that these new web technologies will reduce the time involved in managing freight orders. Each user is provided with a secure username and password. The new system includes instant access to the following capabilities:

LTL Rate and Quote	Order Creation	Quick Bill of Lading	Order Tracking	Invoice Details
Shop multiple carriers	Book order online	Instant BOL with one click	Improved shipment visibility	View individual invoice detail
Transit time visibility	Enter order in seconds	Customized to your BOL requirements	One view, all modes of freight transport	View all charged accessorial rates
Instant access to rates	Saved commodity list	Print or e-mail to necessary party	Order history	Visibility of rate changes
Long-haul and regional carriers	Saved company list		Searchable by any PO or reference number	Invoice your customer faster
View quote history	Customizable to your shipment		Export to excel or CSV for reporting	Export to excel or CSV for reporting

Ask your sales executive or account manager today for access to our new suite of technologies.

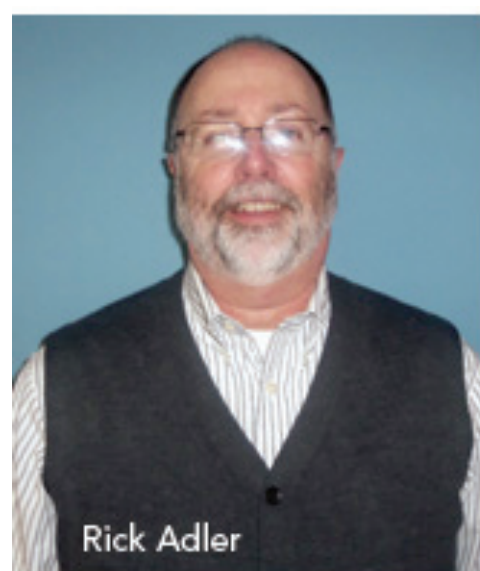

ODW Welcomes New Leadership

Dist-Trans' Turnpike Tracker: Electronic On-Board Recorder (EOBR)

By utilizing data from our Turnpike Tracker, Dist-Trans can be even more effective, providing better rates and more timely service for you. This tracking system allows us to provide better overall process management, a "big picture," proactive approach that helps us help you by heading off unseen challenges.

Featuring:

- Electronic hours of service logs
- Confirmed arrival/departure times
- Reduces unnecessary idling
- Reduces out of route miles
- Vehicle maintenance tracking
- Payroll verification
- Safety and training
- Automated IFTA filings

Rick Adler

Carl W. Neverman

Please join us in welcoming **Rick Adler**, our new **Corporate Quality Champion**. With more than 30 years of business experience as an executive and manager, he possesses a unique combination of operational experience, system integration, six sigma project experience and staff development skills. He previously served as General Manager of Trax Technologies' Costa Rica and held leadership roles at Intrawest LLC, Mars Incorporated and Limited Brands. RADler@odwlogistics.com

Carl W. Neverman has also recently joined our California location as **Regional Vice President, Client Solutions**, to identify and craft solutions for new business opportunities. He comes to ODW with more than 30 years of transportation and warehousing experience. Prior to joining ODW, he held senior management positions at Yusen Logistics, Inc. (formerly NYK Logistics) and Weber Logistics. CNeverman@odwlogistics.com

ODW Logistics, Inc. is a third-party logistics provider with shared and dedicated warehouses nationwide. With more than 1,000 employees and over three million square feet of warehouse space, ODW provides unparalleled distribution, e-commerce fulfillment, import logistics, yard management and manufacturing line support services. ODW is a privately held asset and non-asset based provider, offering highly responsive, personal service to a variety of customers ranging from international Fortune 500 companies to locally owned and managed businesses.
